

CELEBRATE INDIAN TREATY WITH U. S.

Fiftieth Anniversary to Be Observed at Ringling July 10.

Special to The World.
RINGLING, Okla., June 21.—The fiftieth anniversary of the proclamation by the president of the United States of a treaty between the United States government and the Chickasaw and Choctaw Indians is to be observed in Ringling July 10 by the organization of the Chickasaw nation pioneers. A call for the meeting was issued this week by Col. John D. Cornish of Ringling and it provides that only those are eligible to membership who have lived in the former Chickasaw nation thirty years or more.

Colonel Cornish asks that the names and addresses be sent in of eligible pioneers living in Jefferson, Carter, Stephens and Love counties that he may extend them a personal invitation to participate in the gathering. The meeting chamber or enclosure will provide forms of amendment for the visitors.

Signed by Commissioners.

The articles of agreement of 1866 concluded in Washington April 28 of that year, were signed by Dennis A. Connelly, Elijah Sims and W. Parker, commissioners on the part of the United States and Albert White, Allen Wright, James Biles and Tom Page, commissioners on the part of the Choctaws and Wincheser, Robert, Edmund Pickens, Holmes, Herbert, Colvert, Carter and Robert H. Love, commissioners on the part of the Chickasaws.

Article I of the agreement provided that permanent peace and friendship are hereby established and maintained between the United States and the Choctaw and Chickasaw, so hereby bind themselves respectively to use their influence and make every exertion to induce Indians of the plains to maintain peaceful relations with each other, with other Indians and with the United States.

Absolved Slavery.

This treaty caused the Indians to abolish slavery and involuntary servitude save punishment for crime. The two nations, in consideration of \$300,000 ceded to the United States territory west of the Mississippi River, were immediately known as the leased district. It provided for the recognition of the rights of freedom and a general amnesty of all past offenses against the laws of the United States, committed before the signing of the treaty, and against the laws of their respective governments, and the state of Missouri. Kansas, Arkansas and Texas were requested to grant like amnesty to all offenses committed by any member of the Choctaw or Chickasaw nations. Rights-of-way were granted to railroad companies. A lawmaking body was created in each nation. It provided for the making of land surveys, the reinstatement of missionaries driven out during the Civil war, the allotting of lands, the establishment of land office records, recognition of the rights of intermarried citizens, the establishment of post offices and the creation of a commission to determine the claims for Indians for damages suffered during the Civil war.

WELL KNOWN BUSINESS MAN

Says: "Since Taking Tanlac I Can Eat Anything at Any Time Without Bad Effect."

Since the introduction of Tanlac in Tulsa less than two months ago, several hundred Indians have used the Woodward remedy and all acclaim its value. Many Indians who have never been to the Tanlac man have more interesting than the one character, Mr. F. C. Reaves of 267 Johnson Arcade, Tulsa, a high class photographer, who is well known in Tulsa and vicinity, he needs no introduction. He herself says, "I suffered from stomach trouble for a long time, could not eat without it hurting me, also vomited, nausea, and was down. After taking Tanlac for a month I am entirely relieved of such indispositions, can now eat anything at any time without bad effect. I am also relieved of nervousness and sleep like a child. I recommend Tanlac because it relieves my suffering." Tanlac is sold in Tulsa by Quaker Drug Co. Supply by Central Drug Co. in "right" by Marquette Pharmacy.

GREEK SITUATION NEARING CRISIS

Rigid Blockade by Allies Is Forcing Hand of Skouloudis.

ATHENS, June 21.—Fears that the Skouloudis cabinet cannot long stand the pressure caused by the continued strictness of the entente allies' blockade against Greek ports are growing in government circles. Rumors are ripe that the entente's ultimatum, expected to be delivered today, may present as an alternative to compliance with its demands the rupture of diplomatic relations between the entente allies and Greece.

Lack of breadstuffs on the outer islands of Greece and in the really accessible parts of the kingdom is already causing disturbances which are the most serious internal trouble since the war. Piraeus is sufficient for more than a month.

The demands of the allies are being considerably strengthened and extended because of antientente demonstrations in Athens Monday. They were ready for presentation when the disorder occurred.

Premier Skouloudis is sending out confidential instructions to government officials and army officers to counteract the effects of the order demobilizing the army.
